

For Women in Aviation Maintenance, Safety is Their First Priority

We all must be safe on and off the ramp. The South Seattle's Association for Women in Aviation Maintenance (SSC AWAM) is presenting on our origins and how we help prepare student mechanics to do real mechanical work safely. Working safely includes marshalling, ramp etiquette, and workplace inclusion.

Directions: <http://www.washington.edu/maps/#/alb>
The meeting will be held at the University of Washington Research Commons Allen Library.
Please see map above.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
